

DENTAL SCHOOL

2018-2019 ESTIMATED COST OF ATTENDANCE BUDGETS

The Cost of Attendance is an estimate of the educational expenses a student will incur during the period of enrollment. It is developed and reviewed annually by the Office of Financial Aid using the guidelines set by the U.S. Department of Education. Budgets categorize the funding a student is generally expected to need to pay for the tuition, supplies and living expenses. Student's financial aid eligibility and the maximum amount of Direct Loans that can be borrowed is determined by the Cost of Attendance. In some cases, the Office of Financial Aid may permit individual increases in certain elements of the budget. Student's Cost of Attendance budgets include current educational expenses and are subject to change.

The curriculum consists of 6 academic years which can be completed in 3 calendar years although most students take leave of absence and study periods and thus complete in 4 calendar years. An academic year is defined as two consecutive semesters of 16 instructional weeks in length each. 50 % of the approved loan amount is disbursed at the beginning of each semester.

Dental School Estimated Cost of Attendance 2 Semesters (Undergraduate Level)			
	Semester 1 16 Weeks	Semester 2 16 Weeks	TOTAL 32 weeks
<i>Standard Expenses</i>			
Tuition Fee	\$4,000	\$4,000	\$8,000
